

## **Guide to shelter-in- place or evacuate during a Radiological event**

### **IF ORDERED TO SHELTER IN PLACE:**

- Stay tuned to your radio, remain calm and follow instructions!
- Remain in your home.
- Close all doors and windows.
- Turn off all outside sources of air.
- Close fireplaces.
- Use phone only during a personal emergency.
- Stay tuned to local radio station.

### **IF ORDERED TO EVACUATE:**

- Stay tuned to your radio, remain calm and follow instructions!
- Turn off appliances (except refrigerators and freezers) and faucets.
- Close all blinds and curtains.
- Check your home for security.
- Lock the doors.
- Tie a white cloth on or near the front door to show that you have left.
- Check with your neighbors to see if they are able to leave.
- Place your Public Information Brochure on your dash board so you can be identified by emergencies workers.

### **ITEMS TO BRING IF YOU ARE ORDERED TO EVACUATED (IF NEEDED):**

- Clothing
- Medicines
- Baby Supplies
- Blankets
- Pillows
- Sanitary supplies
