MISSISSIPPI COMPREHENSIVE EMERGENCY MANAGEMENT PLAN (CEMP)

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex

1. INTRODUCTION. Emergency Support Function (ESF) #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services supports local, State, and tribal entities, voluntary organizations, non-governmental organizations, and the private sector in managing state mass care, emergency assistance, housing, and human services during domestic threats or in response to actual or potential incidents.

a. Purpose. The purpose of this ESF Annex is to provide and maintain a mass care and human services construct for the support of response and recovery missions following an emergency or a major disaster requiring state mass care assistance when local capabilities are exceeded.

The success of this effort requires the coordination, pooling, and networking of both available and obtainable mass care and human services resources provided by state agencies, local government entities, voluntary organizations, or other providers.

The term “obtainable” means other necessary resources that must be acquired through contract, lease, purchase, mutual aid agreements, or otherwise from outside the inventory or control of participating agencies. These resources may be in such forms as facilities, personnel, equipment, materials, supplies, consulting services, technical assistance, or others.

b. Scope. This Annex is used to respond to incidents where a threatened or actual incident exceeds local response capabilities. It is also to be used when Mississippi’s capabilities are exceeded, and federal government response is requested. The core functions of ESF #6 include, but are not limited to:

(1) Mass Care. Mass care includes sheltering, feeding operations, emergency first aid, bulk distribution of emergency items, and collecting and providing information on victims to family members.

(2) Emergency Assistance. Providing assistance required by individuals, families, and their communities to ensure that immediate needs beyond the scope of the traditional “mass care” services provided at the local level are addressed. These services include support to evacuations (including registration and tracking of evacuees); the reunification of families; provision of aid and assistance to special needs populations; evacuation, sheltering, and other emergency services for household pets and services animals; support to specialized shelters; support to medical shelters; nonconventional shelter management; coordination of donated goods and services; and coordination of voluntary agency assistance.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(3) Housing. Housing includes housing options such as rental assistance, repair, loan assistance, replacement, factory-built housing, semi-permanent and permanent construction, referrals, identification and provision of accessible housing, and access to other sources of housing assistance. The National Disaster Housing Strategy guides this assistance.

(4) Human Services. Human services include the implementation of disaster assistance programs to help disaster victims recover their non-housing losses, including programs to replace destroyed personal property; help to obtain disaster loans, food stamps, crisis counseling, disaster unemployment, disaster legal services; support and services for special needs populations, and other Federal and State benefits.

If local government mass care and human services capabilities or resources become overwhelmed and unable to meet emergency or major disaster needs, ESF #6 will be activated to support those affected. This support will be provided in accordance with the State Comprehensive Emergency Management Plan (CEMP) and the National Response Framework (NRF).

If federal ESF #6 is activated to assist local, tribal, and State governments, the primary agency for the overall coordination of federal resources is the Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA).

2. RELATIONSHIP TO THE WHOLE COMMUNITY. This section describes how ESF #6 relates to other elements of the whole community. A basic premise of emergency management is that disaster response begins and ends at the community level. This is particularly true for the functions of ESF #6, as many disasters occur with little or no warning, thereby requiring that life-sustaining services be provided quickly to prevent additional suffering and loss of life. ESF #6 partner agencies and organizations rely on the whole community to meet the needs of disaster survivors.

Key elements of the whole community include individuals with disabilities and others with access and functional needs. Persons with disability needs must be considered well in advance when preparing for disasters and emergencies. These partners are critical to supporting the delivery of core capabilities during the incident response (e.g., through associations and alliances that serve these populations). Persons with disabilities and others with access and functional needs include, but are not limited to:

- Individuals who are from diverse cultures, races, and nations of origin;
- Individuals who do not read, have limited English proficiency, or are non-English speaking;

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

- People who have physical, sensory, behavioral, mental health, intellectual, developmental, and cognitive disabilities;
- Senior citizens with and without disabilities or other access and functional needs, children with and without disabilities and their parents, individuals who are economically or transportation disadvantaged;
- Women who are pregnant, individuals who have chronic medical conditions;
- Those with pharmacological dependency;
- Individuals precariously housed or experiencing homelessness.

Community disaster and emergency plans should include provisions for individuals who own household pets or have responsibility for service and other animals. Planning factors should consist of resources and processes for the rescue, transportation, care, shelter, and essential needs of animals.

The whole community also includes local, State, and tribal governments; non-governmental organizations (NGOs), including voluntary, faith-based, community-based, and other non-profit organizations in the civic/non-profit sector; academia; the private sector; individuals; and communities. Partners from all elements of the whole community work together to address shortfalls and help to ensure the life-sustaining needs of disaster survivors are met.

a. Local, Tribal, and State Governments. Primary responsibility for managing incidents involving mass care and human services usually rests with local, tribal, and state authorities and the private sector. As such, a federal response must acknowledge local, State, and tribal mass care and human services policies, authorities, and plans that manage mass care and human services and prioritize the movement of relief personnel and supplies during emergencies.

At the local level, government agencies, NGOs, and the private sector coordinate ESF #6 activities to meet the immediate needs of disaster survivors. When the impact of the incident exceeds local resources, the State may provide additional support. Resources from national-level NGOs and the private sector may augment local and State response capabilities. Federal assistance may be requested through the FEMA Regional Office IV (RIV) when these resources are insufficient. Other federal departments and agencies may also respond under their authority to assist the affected community.

Local, tribal, and state governments have obligations under civil rights laws to ensure equal opportunity for individuals with disabilities and others with access and functional needs when providing mass care services. For more information, see FEMA's *Guidance on Planning for*

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Integration of Functional Needs Support Services in General Population Shelters at https://www.fema.gov/pdf/about/odc/fnss_guidance.pdf and Chapter 7 of the *Department of Justice's (DOJ) Americans with Disabilities Act (ADA) Best Practices Tool Kit for State and Local Governments* at: <https://www.ada.gov/pcatoolkit/toolkitmain.htm>.

b. Private Sector/Non-governmental Organizations. This ESF #6 Annex uses the term NGO to refer to voluntary, faith-based, community-based, and other non-governmental organizations in the civic/non-profit sector.

Together with academia and the private sector, NGOs are integral elements of the whole community response, coordinating with local, tribal, and state partners to provide ESF #6 resources, programs, and services to affected individuals/households and communities. These partners collaborate to resolve the disaster-related unmet needs of affected individuals and communities.

NGOs and the private sector also provide operational information to local, State, and tribal ESF #6 or equivalent points of contact. This information allows ESF #6 planners to identify actual or potential shortfalls or excesses and adjust services to the needs of the community.

Local, State, and tribal agencies coordinate with NGOs and the private sector to support the management of unsolicited donated goods and services and unaffiliated volunteers and organizations. When incorporated effectively into the whole community response, these resources can help accelerate the recovery of individuals, households, and communities.

c. Individuals/Households. Disaster response begins with individuals and households executing their disaster plans, which should include but are not limited to:

- (1) Having sufficient food and water on hand for 72 hours;
- (2) A plan for communication;
- (3) Pre-identified shelter locations;
- (4) Pre-identified evacuation routes;

(5) Go Kits that include important documents, lists of medications, household pet or service animal vaccination records, and photo identification for all household members.

Individuals with disabilities or others with access and functional needs implement their plan for accessible transportation and support resources, including service animals. Households with animals activate their plan for evacuation, transportation, sheltering, and care of their animals.

3. CORE CAPABILITIES AND ACTIONS. This section outlines the ESF roles aligned to core capabilities. The following table lists the Response core capability that ESF #6 most directly supports, along with the related ESF #6 actions. Though not listed in the table, all ESFs, including ESF #6, support the Core Capabilities of Planning, Operational Coordination, and Public Information and Warning:

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Mass Care Services</p>	<ul style="list-style-type: none"> • Supports local, State, and tribal governments and NGOs in coordinating and providing mass care, emergency assistance, temporary housing, and human services resources, programs, and services. • Provides life-sustaining services to the affected population, including hydration, feeding, sheltering, and support for reunifying families. • Support the establishment, management, and operation of congregate and non-congregate care facilities. • Coordinate with local, tribal, and state governments and NGOs to facilitate the return of evacuees to their pre-disaster or alternate locations. • Develop an initial temporary housing strategy to transition survivors from congregate to non-congregate care alternatives and provide relocation assistance or interim housing solutions for households unable to return to their pre-disaster residence. • Anticipate and identify current and future ESF #6 requirements in coordination with local, tribal, and state governments, NGOs, and private sector partners. • Acquire, transport, and deliver ESF #6 resources and services to meet the needs of disaster survivors, including children and individuals with disabilities and others with access and functional needs. • Provides general care for separated/unaccompanied minors until they are placed in the care of appropriate authorities. • Supports nontraditional congregate care facilities. • Provide technical assistance to develop local, State, tribal, NGO, and private sector operational plans for mass care, emergency assistance, temporary housing, and human services.

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Mass Care Services cont.</p>	<p>Temporary Housing:</p> <ul style="list-style-type: none"> • The Temporary Rental Assistance Program (TRAP) provides temporary housing to disaster victims in the form of rental assistance. The program is designed to only provide temporary housing for uninsured renters and homeowners displaced from their homes because their homes are not habitable, safe, sanitary, or secure due to a natural disaster. • The Disaster Assistance Repair Program (DARP) provides local Emergency Management Agencies funding to assist residents with ongoing housing needs due to flooding and severe weather. The EMA shall use all funds under the DARP through a Long-Term Recovery Committee or 501 c3. The program can be activated by a State of Emergency or an Administrative Order issued by MEMA’s Executive Director. <p>Sheltering:</p> <ul style="list-style-type: none"> • Shelters provide life-sustaining services in congregate or non-congregate facilities that offer a safe, sanitary, and secure environment for individuals and households displaced by disasters. • It also includes support to survivors sheltering in place and in ESF #8 medical shelters. <p>Feeding:</p> <ul style="list-style-type: none"> • Provide feeding services at fixed sites, distribution sites, and through mobile feeding units. Feeding services may include hot or shelf-stable meals, infant formula, baby food, snacks, beverages, and food packages, as well as diverse dietary meals (e.g., low sodium, low fat, renal, vegetarian/vegan). • ESF #6 works in concert with local, State, and tribal governments, NGOs, and the private sector to acquire, prepare, cook, or distribute food and supplies. • Additional support may include the provision of technical assistance for the development of state feeding plans.

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Mass Care Services cont.</p>	<p>Distribution of Emergency Supplies:</p> <ul style="list-style-type: none"> • Acquire and deliver life-sustaining resources, hygiene items, and clean-up items to meet the urgent needs of disaster survivors. • Additional support includes transportation, warehousing, equipment, technical assistance, and other mission-critical services. <p>Reunification:</p> <ul style="list-style-type: none"> • Provide facilitated assistance for children separated from their parent(s)/legal guardian(s), as well as adults from their families due to disaster. • Support reunification efforts at the local, State, or tribal levels with technical assistance. <p>Emergency Assistance: ESF #6 coordinates resources and emergency assistance to support local, State, and tribal governments, NGOs, and the private sector.</p> <ul style="list-style-type: none"> • Voluntary Agency Coordination: Facilitates the coordination of NGOs, places of worship, and the private sector to ensure that capabilities, resources, and services are integrated into local, State, and tribal response. • Volunteer and Donation Management: Coordinates unaffiliated volunteers, unaffiliated organizations, and unsolicited donated goods to support all ESFs. • Essential Community Relief Services: Coordinates and delivers debris removal from disaster survivor residences; sandbagging; mud-out; tear-out; chainsaw work; warehouse management; transportation and distribution coordination; childcare services; emotional and spiritual care and counseling; financial assistance; financial counseling; disaster-related casework and case management; and other essential services. • Mass Evacuation: Supports affected and host jurisdiction mass evacuation activities, including providing mass care services and tracking the movement of evacuees, their household pets, service animals, and medical equipment. Deploys resources to

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Mass Care Services cont.</p>	<p>support affected and host jurisdiction evacuation operations, including mass evacuation tracking system kits and staff to provide technical assistance. In coordination with ESF #8 Public Health and Medical Services, it offers mass care services to medical patient evacuees. (Note: Evacuees who have chronic medical conditions may be evacuated with the general population. For evacuation of patients, refer to ESF #8).</p> <ul style="list-style-type: none"> • Disability and Other Access and Functional Needs Support: Coordinate and provide equipment, supplies, and services required to assist children and adults with disabilities and others with access and functional needs to maintain their independence. • Household Pets and Service Animals: Coordinate and provide rescue, transportation, shelter, reunification, care, and essential needs of household pets and service animals during response operations to ensure their safety and well-being. Service animals are not pets and may not be separated from individuals with a disability or other access and functional needs; service animals should be permitted anywhere open to the public. • Nonconventional/Transitional Sheltering: Provide resources and technical assistance in support of local, State, tribal, and NGOs when traditional sheltering is not available or feasible or when the impact of the disaster is of such magnitude that extended shelter operations are required. <p>Human Services:</p> <ul style="list-style-type: none"> • Human Services: Provide assistance to address the non-housing needs of individuals and families. • Crisis Counseling: Provide crisis counseling, mental health services, and similar immediate, short-term psychological assistance to disaster survivors. • Disaster Case Management: Assist eligible survivors with developing and carrying out a disaster recovery plan. • Streamline assistance, prevent duplication of benefits, and provide an efficient referral system. • Legal Services: Provide low-income survivors with free legal advice.

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Mass Care Services cont.</p>	<ul style="list-style-type: none"> • Disability Unmet Needs: Provide state, local, and tribal governments, the public sector, and non-profit organizations with the tools, training, resources, and strategies necessary to help ensure people with disabilities can participate in and benefit from programs and services during all phases of disaster recovery. Help disaster survivors with medical, dental, funeral, personal property, transportation, moving/storage, and other expenses. • Supplemental Nutrition Assistance: Established programs provide eligible households with supplemental nutrition assistance when food is lost due to a declared disaster. • Tax Relief: Coordinate with state entities that provide tax relief to survivors with substantial verified disaster-caused losses. • Unemployment Assistance: Provide qualifying disaster survivors who have lost their jobs with unemployment benefits. <p>Federal Programs:</p> <ul style="list-style-type: none"> • Temporary Roof Repair: Provides quick repairs to damaged roofs on private homes that allow residents to return to and remain in their own homes while making permanent repairs. • Repair Program: Provides financial assistance to homeowners or landlords to repair their primary residence, utilities, and residential infrastructure. • Replacement Program: Provides financial assistance to homeowners to assist with the replacement of their destroyed primary residence. • Housing Resource Databases: Identifies housing resources from the private sector and other Federal agencies available to disaster survivors, including physically accessible housing options. • Rental Assistance: Provides financial assistance to eligible disaster survivors for the rental of a housing resource. • Transportation to Other Locations: Assist individuals and families relocating outside of the disaster area to locations where short-term or long-term housing resources are available. Transportation services may also include returning survivors to their pre-disaster location.

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Mass Care Services cont.</p>	<ul style="list-style-type: none"> • Direct Financial Housing: Make payments directly to landlords for a rental resource on behalf of disaster survivors. • Hotel/Motel Program: Provide temporary accommodations for eligible displaced survivors unable to return to their pre-disaster primary residence. • Direct Housing Operations: Provide temporary housing units to survivors when other housing resources are not available. The units provided are appropriate to the community’s needs and include units accessible to those with disabilities and others with access and functional needs. • Mortgage Relief: Issue moratoriums on foreclosures of federally insured loans. Loan servicers provide special forbearances, loan modifications, refinancing, and waivers of late charges. <p>Public and Private Services and Resources:</p> <ul style="list-style-type: none"> • Assess the need for and coordinate the provision of life-sustaining ESF #6 services, resources, and supplies from government agencies, NGOs, and the private sector. • Gathers, assesses, prioritizes, coordinates, and communicates resource requirements. • Provides subject matter expertise to identify resource requirements to meet the life-sustaining needs of disaster survivors and their household pets and service animals. • Collects, assesses, prioritizes, and communicates relevant information. • Communicates plans, requirements, and strategies to core capability providers. • Acquires and manages resources, supplies, and services from core capability providers via contracts, mission assignments, inter-agency agreements, and donations.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
Public Health, Healthcare, and Emergency Medical Services	<ul style="list-style-type: none"> • Identify and communicate life-saving and life-sustaining requirements for disaster survivors, household pets, and service animals. • Coordinates with core capability service providers to ensure that ESF #6 service delivery locations are appropriately provisioned and operated in a safe, sanitary, secure, and timely manner. • Works across public health systems to include accessibility features for all people with disabilities, with accommodations as necessary. • Gathers, assesses, prioritizes, coordinates, and communicates public health and medical requirements of survivors and their household pets and service animals in congregate care facilities to core capability providers. • Collects, assesses, prioritizes, and communicates relevant public health and medical needs information to survivors in facilities where mass care services are provided. • Communicates plans, requirements, and strategies to core capability service providers. • Acquires and manages resources, supplies, and services from core capability service providers via contracts, mission assignments, interagency agreements, and donations.
Critical Transportation	<ul style="list-style-type: none"> • Support the collection, analysis, dissemination, and reporting of transportation infrastructure damage from ESF #6 service delivery sites. • Identifies, requests, and acquires transportation resources to deliver life-sustaining supplies and services to the affected area(s). • Identifies and provides critical transportation for survivors with disabilities and others with access and functional needs. • Advises State, local, and tribal partners on evacuation planning and accessible transportation for people using wheelchairs and other mobility devices. • Supports mobilization and implementation of mechanisms to track the movement of evacuees, resources, household pets, individuals with disabilities, or other access and functional needs with their service animals, medical equipment, and

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Core Capability	ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services
<p>Critical Transportation cont.</p>	<p>luggage.</p> <ul style="list-style-type: none"> • Provides mass care support to survivors at embarkation, debarkation, and reception centers; evacuation transportation hubs; and post-decontamination areas to ensure that basic needs are met, including hydration, feeding, tracking, medical needs, and information. • Provides resources, subject matter expertise, and coordination with other ESF #6 partners to support mass evacuation activities and ensure the safe evacuation of household pets and service animals. <p>(Note: Evacuees who have chronic medical conditions may be evacuated with the general population. For evacuation of patients, refer to ESF #8.)</p> <ul style="list-style-type: none"> • Provide resources for the care of survivors evacuating from the affected area. • Communications Plans, requirements, and strategies to core capability service providers. • Acquires and manages resources, supplies, and services from core capability service providers via contracts, mission assignments, interagency agreements, and donations.
<p>Fatality Management Services</p>	<ul style="list-style-type: none"> • Provides mechanisms to support notification/transportation of family members to make appropriate arrangements for deceased relatives; • Provides support and funding for crisis counseling services to the bereaved; • Provides transportation and mass care services for survivors reuniting with deceased family members; • Communicates plans, requirements, and strategies to core capability service providers. • Acquires and manages resources, supplies, and services from core capability service providers via contracts, mission assignments, interagency agreements, and donations.

4. POLICIES.

a. Through the State Emergency Operations Center (SEOC), the Mississippi Emergency Management Agency (MEMA) will maintain overall direction, control, and coordination of the response and recovery efforts through coordination with all participating agencies, including federal agencies tasked by the FEMA.

b. Mississippi Department of Human Services (MDHS) will appoint an Emergency Coordinating Officer (ECO) to serve as State Mass Care Coordinator (ESF #6 Coordinator) to work in conjunction with MEMA, other state agencies, and federal agencies in an emergency mass care and human services capacity at the SEOC.

c. ESF #6 Coordinator will coordinate with all appropriate agencies/departments and organizations to ensure operational readiness in times of emergency. State assistance priorities for this function in conjunction with other ESFs include, but are not limited to:

(1) ESF #6 support may vary depending on an incident impact assessment, the magnitude and type of event, and the response and recovery efforts stage.

(2) ESF #6 supports mass care activities and provides services without regard to economic status or racial, religious, political, ethnic, or other affiliation.

(3) ESF # 6 support and services provided will be in accordance with existing federal and State statutes, rules, and regulations.

(4) Personnel will be assigned to support ESF #6 functions in accordance with the rules and regulations of their respective parent agencies.

(5) ESF #6 will coordinate with ESF #1 Transportation, ESF #3 Public Works and Engineering, and ESF #5 Emergency Management regarding recovery and mitigation assistance, as appropriate.

(6) ESF #6 will reduce duplication of efforts and benefits to the extent possible. This includes streamlining assistance as appropriate and identifying recovery and mitigation measures to support county and municipal planning efforts.

(7) The NGOs, including non-profit organizations and faith-based organizations, refer to the Emergency Management Law, MS Code Ann. § 33-15 (1972).

d. All available local, private, semi-private, and state resources will be deployed through the Statewide Emergency Assistance Compact (SMAC) to the maximum extent possible before requesting Emergency Management Assistance Compact (EMAC) or federal assets.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

e. If state resources either have been exhausted or are expected to be exhausted before meeting the demand, the ESF #6 Coordinator will recommend that assistance be requested from other states through EMAC or from FEMA.

f. The ESF #6 Coordinator will coordinate from the SEOC or virtually, incident-dependent. However, a catastrophic event may require establishing an additional forward coordination element near the impacted area.

g. State mass care and human services planning considers county and municipal policies and plans used to control the movement of relief personnel, equipment, and supplies, as well as locally established priorities for determining the precedence of movement.

h. To ensure the orderly flow of resources, state agencies should coordinate all mass care, emergency assistance, temporary housing, and human services activities with ESF #6.

i. Individuals in need of additional response assistance may include those with disabilities, who live in institutional settings, are elderly, from diverse cultures, have limited English proficiency or non-English speaking, are children, or are transportation disadvantaged.

j. The state response community recognizes the varying and special requirements of individuals who require and utilize the assistance of family members, personal assistants, and/or service animals. The State is committed to ensuring that these individuals' physical and mental health needs are appropriately addressed. The individuals and assistance providers remain together to the maximum extent possible during an evacuation, transport, sheltering, or the delivery of other services. Service animals shall be treated as required by law (e.g., the ADA of 1990).

k. The state response community recognizes the varying and special requirements of children. The State is committed to ensuring that children's physical and mental health needs will be appropriately addressed. Children will remain with their families or caregivers to the maximum extent possible during an evacuation, transport, sheltering, or the delivery of other services.

5. CONCEPT OF OPERATIONS. ESF #6, in conjunction with MEMA, will coordinate state response and recovery operations in close coordination with local, State, and tribal governments, volunteer organizations, and the private sector. ESF #6 assistance is managed and coordinated at the lowest possible organizational level - e.g., the local and field offices and the SEOC. Only requests that cannot be filled or issues not resolved at the local level are elevated to the SEOC Human Service Branch/ESF #6 for resolution.

a. Assumptions.

(1) The local government has the primary responsibility of sheltering citizens.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(2) The local government will first call trained voluntary agencies for mass care services. Shelter sites with the American Red Cross agreements per accepted hurricane shelter standards will be considered a first step to identifying shelters. If the local government becomes overwhelmed, state services are requested via Resource Request and Deployment Module (RRDM) in WebEOC to the ESF #6 Coordinator.

(3) Existing state telecommunications infrastructure will provide the primary means for state government communications.

(4) Most emergencies and disasters involve damage to property to some extent. Roads, bridges, public utility systems, public and private buildings, homes, and other facilities will have to be inspected, cleared for use, reinforced, quarantined, or demolished to ensure safety.

(5) Numerous volunteering entities, both governmental and non-governmental, may mobilize personnel, supplies, and equipment to affected areas with neither coordination nor communication with the SEOC or deployed elements.

b. General Concepts.

(1) Initial response activities will focus on the immediate needs of victims.

(2) Recovery efforts are initiated concurrently with response activities.

(3) MEMA will keep all responsible agencies informed of impending conditions (incident developments, weather, hazardous materials, or other events) that would cause them to assume a readiness posture for activating the SEOC for possible deployment to a forward area of operation or other activity.

(4) Primary agencies (including MEMA) and support agencies will perform tasks under their authority, as applicable, in addition to missions received under the authority of MEMA.

(5) When ESF #6 is activated, ESF #5 and other appropriate support ESFs will be activated to support the event. ESF #6 will continually assess and develop action plans for ESF #5 to ensure all supporting agencies function appropriately and in a coordinated manner.

(6) MDHS will coordinate with the American Red Cross to support shelter operations. This includes supporting the American Red Cross in the operation of shelters/temporary housing, food services, and emergency human needs. Limited health and medical needs may be coordinated through ESF #8.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(7) The Mississippi Division of Medicaid (DOM) will support the American Red Cross in the operation of shelters. Coordination will occur through the ESF #6 Coordinator and DOM ECO, and the support request will be submitted via the RRDM in WebEOC.

(8) The ESF #6 Coordinator will activate the following multi-agency task forces when deemed necessary: Mass Care, Sheltering, Feeding, Reunification, and Shelter Transition.

(9) The Temporary Housing Assistance Program will be implemented as appropriate in non-declared disasters to augment the resources of the American Red Cross and other participating agencies.

(10) State or federal assistance may be required to identify and deploy resources from outside the affected area to ensure a timely, efficient, and effective response and recovery.

(11) As a Joint Field Office (JFO) and other support facilities are established, state personnel will be housed jointly with federal counterparts.

(12) MEMA will provide public information to evacuees through the SEOC Joint Information Center (JIC), Mississippi Public Broadcasting (MPB), MEMA's Disaster Call Center, and commercial broadcast media.

(13) MEMA's Warning Point will release special weather statements and warnings provided by the National Weather Service (NWS). These releases will be made through the normal ESF #15 release networks, SWP AtHoc mass notifications, and additionally provided to emergency work sites, staging areas, and other incident support sites as needed.

c. General Population Shelters.

(1) Under the Emergency Management Law, MS Code Ann. § 33-15-17, local governments have the authority to direct municipalities and counties to assist in staffing emergency shelters.

(2) Once local government and local voluntary agencies have exceeded local assets, assistance can be requested from the SEOC by the local Emergency Operations Center (EOC)/Emergency Management Agency (EMA).

(3) MDHS has the coordinating responsibility with the assistance of primary, support, and other non-governmental agencies.

d. Medical Needs Shelter.

(1) Mississippi State Department of Health (MSDH) has lead responsibility for identifying staffing resources needed at the State Medical Needs Shelter (SMNS).

(2) MSDH shall work in conjunction with the Mississippi Community College Board (MCCB) to pre-identify locations to be used as supplemental SMNS.

(3) Additional information for medical needs sheltering can be found in ESF #8.

e. Household Pets and Animal Shelters.

(1) Mississippi Board of Animal Health (MBAH) serves as the lead agency for sheltering requirements for pet and animal shelters during an incident.

(2) Additional guidance and information for Animal Sheltering can be found in the ESF #11 Animal, Agriculture, and Natural Resources Annex.

f. Opening Shelters.

(1) The local government will open shelters in coordination with the State. NGOs may open self-supported shelters independent of the government. MEMA, in conjunction with MDHS, will have overall management of shelters for the State.

(2) ESF #6 informs local, State, and tribal decision-makers about the status of shelters and applicable shelter zones. This information is distributed to evacuees enroute to shelters by ESF #15 via media outlets.

g. Shelter Resources.

(1) The Mississippi Shelter Resource Directory (located in the WebEOC Shelter Board) lists all available public shelters located throughout the State.

(2) The State is divided into six shelter zones. Each zone identifies shelter locations, occupant capacities, and support capabilities by city and county.

(3) During hurricane contra-flow, the contra-flow plan provides shelter activation beginning in the furthestmost part of the State and moving towards the impacted area as shelters fill up, thereby leaving the shelters nearest the event accessible to Mississippi residents should the need to evacuate occur.

h. Mass Feeding/Procurement of Food Resources.

(1) Mississippi Department of Education (MDE)/Office of Child Nutrition (OCN) will serve on the task force/committee to ensure efficient and timely forecasting of all food commodities used as part of shelter resources or congregate feeding sites implemented. OCN serves as the State distributing agency. It has the authority to release the United States Department of Agriculture (USDA) commodities from its warehouses within the State based on a Presidential Declaration or situations of distress.

(2) MDE will ensure all feeding capabilities are accessible to those with alternative feeding needs, such as Enterostomy Feeding, including Percutaneous Endoscopic Gastrostomy (PEG) and Percutaneous Endoscopic Jejunostomy (PEJ).

(3) MDE will assist other key state agencies, as feasible, to ensure that established procedures and policies are implemented during the response phase to meet the requirements of local government.

i. Post Disaster Operations.

(1) Information regarding re-entry to point(s) of origin will be relayed or provided to all active shelter locations for dissemination to evacuees.

(2) Re-entry information affecting out-of-state evacuees sheltered in Mississippi will be obtained from the affected State and disseminated by ESF #6 to the appropriate shelter locations.

(3) Evacuees cannot be detained from leaving shelters if so desired; however, they may be detained from re-entering a disaster area if it is officially deemed unsafe. Re-entry decisions are made jointly by the State and affected local governments.

j. Reunification. When disasters result in large numbers of casualties, power and phone outages, evacuations, and high levels of media coverage, local jurisdictions can quickly become overwhelmed with requests from concerned family, friends, and colleagues to locate individuals within the disaster-impacted area.

When reunification needs surpass local capabilities during catastrophic disasters, the State Mass Care Coordinator will activate the State Multi-Agency Reunification Task Force (MARTF). The MARTF will coordinate closely with the National Center for Missing and Exploited Children (NCMEC) to facilitate the reunification of children. The American Red Cross also offers reunification services. When deemed necessary, the MARTF may recommend activating a Reunification Multi-Agency Coordination Center (R-MACC), which may occur virtually until a site can be located and stood up.

k. Repatriation. The State of Mississippi will assist evacuees by coordinating the reception, temporary care, and transportation of displaced persons to final destinations. MDHS is the state agency responsible for developing and maintaining the state Repatriation Plan in collaboration with stakeholders.

6. ORGANIZATION. ESF #6 is a component of the SEOC/Operations Section/Human Services Branch.

a. State Emergency Operations Center. In an incident or a major declared state emergency, the ESF #6 Emergency Coordination staff will support the SEOC virtually or take up positions at the SEOC, situationally dependent. A current list of agency emergency notifications is maintained at the SEOC.

b. SEOC Emergency Point of Contact. The MEMA State Warning Point (SWP) within the SEOC operates 24/7/365. Operations Officers and an Operations Section Watch Officer staff the SWP. Emergency contact info is as follows:

(1) SWP Operations Officer(s):

(a) Phone: (601) 933-6876, 6877, 6878 or (800) 222-6362

(b) E-mail: commo1@mema.ms.gov, commo2@mema.ms.gov, or commo3@mema.ms.gov

(2) Operations Section Watch Officer:

(a) Phone: (601) 933-6671 or (800) 222-6362

(b) E-mail: watchdesk@mema.ms.gov

c. SEOC Sections. The SEOC maintains the four standard Incident Command System (ICS) sections:

(1) Operations Section. The Operations Section establishes strategy (approach methodology, etc.) and specific tactics/actions to accomplish the goals and objectives set by Command. Operations coordinates and executes strategy and tactics to achieve response objectives.

(2) Planning Section. The Planning Section coordinates support activities for incident planning and contingency, long-range, and demobilization planning. Planning supports Command and Operations in processing incident information and coordinates information activities across the response system.

(3) Logistics Section. The Logistics Section supports Command and Operations in their use of personnel, supplies, and equipment. Performs technical activities required to maintain the function of operational facilities and processes.

(4) Finance and Administration Section. The Finance and Administration Section supports Command and Operations with administrative issues and tracks and processes incident expenses. This includes such issues as licensure requirements, regulatory compliance, and financial accounting.

See the SEOC Operations Section Chief (OSC), Watch Officer, or an SEOC Branch Director for a roster of incident-assigned Section Chiefs.

d. SEOC Human Services Branch. The SEOC maintains three branches within the Operations Section, Infrastructure, Emergency Services, and Human Services, each led by a Branch Director. The Human Services Branch Director position is a full-time MEMA Emergency Management Specialist. The Branch Director coordinates the activities of ESF #6 and ESF #11 and is the first line of support for assigned ECOs. The Human Services Branch Director monitors and oversees branch administrative and incident activities, WebEOC actions, SITRoom updates, branch adherence to timelines and requirements, supports ECOs with incident coordination, and conducts SEOC staff briefings, as needed.

Human Services Branch Director desk contact information: Phone (601) 933-6764, e-mail: humanservices@mema.ms.gov.

e. Mississippi Business Emergency Operations Center. The Mississippi Business Emergency Operations Center (MSBEOC), commonly called BEOC, provides disaster-specific communications from MEMA to industry associations and registered members to coordinate private-sector businesses. It connects those needing resources with Mississippi private-sector resource providers during response and recovery from an emergency or disaster.

For more information on the BEOC, e-mail the BEOC Director at msbeoc@mema.ms.gov or go to the dedicated JIC SITRoom listed below in section 6.g.

f. Joint Information Center. The MEMA JIC coordinates critical emergency information, crisis communications, and public affairs functions. The JIC is the central point of contact for all agency PIOs and news media.

For more information on the JIC or to contact the JIC Director, e-mail memainfo@mema.ms.gov or go to the dedicated JIC Situation Rooms (SITRoom) listed below in section 6.g.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

g. SEOC Situation Rooms. MEMA developed the Homeland Security Information Network (HSIN) SITRooms to provide stakeholders with a virtual EOC platform to utilize during normal operations or an incident. The SITRooms provide excellent situational awareness for both SEOC and non-SEOC participants. The SITRooms have individual pods with attendee lists, chat capability, current incident priorities and objectives, current operational schedule and meeting times (battle rhythm), downloadable documents and maps, useful links, and video capability.

The event SITRooms utilized by the SEOC for a given event will use one of the following URLs:

<https://share.dhs.gov/msema> (Daily SITRoom: Level IV Normal Operations)

<https://share.dhs.gov/mema-incident> (General Incident SITRoom)

<https://share.dhs.gov/mema-incident1> (Severe Weather/Flooding SITRoom)

<https://share.dhs.gov/mema-incident2> (Hurricane/Tropical Storm SITRoom)

<https://share.dhs.gov/mema-incident3> (Other Emergency/Earthquake SITRoom)

<https://share.dhs.gov/mema-uas> (Unmanned Aerial Systems (UAS) SITRoom)

<https://share.dhs.gov/mrp> (Radiological SITRoom)

<https://share.dhs.gov/jicroom> (JIC SITRoom)

<https://share.dhs.gov/ms-emas> (EMAC SITRoom)

<https://share.dhs.gov/msbeoc/> (Mississippi Business Emergency Operations Center (MSBEOC) SITRoom)

Many of the above-listed SITRoom may not be active during “blue-sky” or non-event periods. The active SITRooms will be published via mass notification before or during an event/incident.

h. Administrative and Logistical Support. All participating ESF #6 agencies are expected to:

(1) Coordinate their support with the ESF #6 coordinator.

(2) ESF #6 coordinators will coordinate efforts with the SEOC through the Human Services Branch Director.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(3) Locate, identify, and set up their operational work areas and maintain logistical support for them.

(4) Maintain active accounts and have a working knowledge of WebEOC, the SEOC HSIN SITRoom, and Crisis Track;

(5) Attend and support briefings and other coordination meetings, whether at the SEOC, via telecommunications (HSIN SITRoom, ZOOM, or Microsoft Teams), or elsewhere.

(6) Maintain operational logs, messages, requests, and other appropriate documentation for future reference.

(7) Maintain maps, displays, status reports, and other information not included in the ESF #5 operations.

(8) Update the SEOC Human Services Branch Director on changes to the ESF #6 ECO Roster.

7. RESPONSIBILITIES AND ACTIONS.

a. Coordinating Agency. As the Coordinating Agency for ESF #6, MDHS is responsible for, but not limited to, the following:

(1) Preparedness.

(a) Provide ESF #6 Emergency Coordination staff roster to carry out the CEMP virtually or at the SEOC.

(b) In conjunction with MEMA and other support agencies, develop and maintain a Standard Operating Procedure (SOP) for this ESF #6 Annex.

(c) In conjunction with MEMA and other support agencies, develop and maintain the State of Mississippi Multi-Agency Shelter Support Plan (MASSP).

(d) MEMA will assist in the development and maintenance of the ESF #6 SOP and the MASSP.

(e) MDHS coordinates training and provides shelter support staff from county MDHS operations.

(f) Develop planning assumptions and shelter requirements in coordination with primary and support agencies.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(g) Coordinate state emergency human service resources to supplement local resources and assist the American Red Cross in mass care.

(h) Coordinate statewide sheltering and wrap-around operations with the American Red Cross, Salvation Army (SA), and other sheltering partners.

(i) Maintain access to all SEOC personnel, systems, and documentation, including but not limited to the Infrastructure Branch Director, WebEOC, HSIN SITRooms, CEMP, Annexes and Appendices, MEMA Response Framework, and all SEOC policies and procedures.

(j) Ensure all agencies with ESF #6 responsibility have SOPs in place to perform appropriate levels of mitigation, preparedness, response, and recovery related to the event. Agencies will have completed mitigation and preparedness activities before the initiating event;

(k) Collaborate with stakeholders to update and maintain the Mississippi Shelter Resource directory in WebEOC;

(l) Ensure ESF #6 elements are familiar with and operate in concert with ICS;

(m) Train and exercise ESF #6 personnel;

(n) Designate an ECO, alternate ECO, Public Information Officer (PIO), and an ESF #6 liaison to report to the SEOC or support virtually;

(o) MEMA will develop and be prepared to implement the State Temporary Housing Program when directed by the Office of the Governor.

(2) Pre-Incident.

(a) MDHS will develop and maintain alert and notification procedures for key mass care and human services officials supporting ESF #6. MEMA will assist MDHS in maintaining the alert and notification list for other agencies supporting ESF #6;

(b) Provide an ESF #6 Coordinator (and alternate if 24-hour coverage is necessary) or an ESF #6 liaison to the SEOC, if necessary;

(c) Notify support agency and partners on activation as needed and minimal staffing requirements;

(d) Conduct preliminary staff meeting with complete ESF #6 team assigned to establish strategies for approaching incident(s);

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(e) In collaboration with the American Red Cross and MEMA, expand and identify shelter sites outside of those pre-designated by other sources.

(3) Incident.

(a) Upon activation of ESF #6, the ESF #6 Coordinator will communicate pertinent information to all ESF #6 members. Such information will be a complete orientation of the ESF #6 mission, purpose, and scope of work;

(b) Provide information to the SEOC for dissemination to the public and private agencies as needed;

(c) Ensure adequate communications are established and maintained with field and supporting elements;

(d) ESF #6 staff monitor the status of all shelters and ensure the Shelter board on WebEOC is updated per process and procedures outlined in MASSP;

(e) Provide daily information to the SEOC on the amount of food used and types of food needed when necessary;

(f) Coordinate with ESF #6 primary and support agencies to identify functional needs of shelter residents and obtain functional needs resources;

(g) ESF #6 shelter partners advise the state ESF #6 Coordinator before shelter occupancy reaches full capacity so additional shelters can be opened, and traffic can be routed accordingly;

(h) Local ESF #6 officials inform the SEOC about the status of shelters and shelter zones. This information will then be distributed to the state ESF #15 PIO for immediate media release;

(i) ESF #6 informs local, state, and tribal decision-makers about the status of shelters and applicable shelter zones. This information is communicated to evacuees by ESF #15;

(j) MDHS and American Red Cross assigned to state ESF #6 will maintain close consultation with American Red Cross members assigned to federal ESF #6 and U.S. Health and Human Services (HHS), to ensure awareness for potential federal ESF #6 mobilization, if required;

(k) Coordinate state emergency human service resources to supplement county Department of Health and American Red Cross resources;

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(l) Develop and coordinate shelter operations with special emphasis on lessening the impact on “At-Risk” populations;

(m) Coordinate with ESF #6 primary and support agencies to identify functional needs of shelter residents and obtain functional needs resources;

(n) Coordinate with ESF #6 support agencies to ensure children are provided safe spaces for short-term respite care during long-term general population shelter operations.

(o) Coordinate the distribution of assets as needed;

(p) Maintain a complete log of actions taken, resource orders, records, and reports;

(q) Provide Situation Report (SITREP) and Incident Action Plan (IAP) input, via WebEOC and appropriate ICS Forms, according to the established operational timeline, event-specific;

(r) Coordinate the efforts through a liaison to ESF #5;

(s) Assist in gathering and providing information to ESF #5 for establishing priorities;

(t) Assist in compiling and providing information to ESF #15/JIC for press releases;

(u) MEMA may ask ESF #6 to provide personnel to work closely with their federal counterparts at the established JFO(s) and in the field.

(4) Recovery.

(a) As shelter and feeding operations phase out, provide information regarding re-entry to point(s) of origin to all active shelter locations for dissemination to evacuees;

(b) Re-entry information affecting out-of-state evacuees sheltered in Mississippi will be obtained from the affected state and disseminated by ESF #6 partners to the appropriate shelter locations;

(c) Assist the local government in re-entry decisions. Evacuees cannot be detained or prevented from leaving shelters if they desire. However, evacuees may be prohibited from re-entering a disaster area if officially deemed unsafe by local, state, or tribal authorities;

(d) Ensure the needs of people with disabilities and others with access and functional needs are integrated into all phases of recovery at the local, state, tribal, and federal levels.

(5) Post-Incident.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

- (a) Facilitate movement to temporary housing;
- (b) Coordinate clean-up and restoration of facilities used for shelters;
- (c) Prepare an After-Action Report/Improvement Plan (AAR/IP). The AAR/IP identifies key problems, indicates how they will be/were solved, and makes recommendations for improving ESF response operations;
- (d) All ESF #6 organizations assist in the preparation of the after-action report;
- (e) Submit AAR/IP to humanservices@mema.ms.gov and planning@mema.ms.gov;
- (f) Review and recommend revision to plans and procedures as determined necessary;
- (g) Copy, catalog, and properly file all records and documents on the incident;
- (h) Compare ESF #6 staff records with the MEMA network tasking and tracking system to assure accuracy.

b. Primary Agencies.

(1) Mississippi Division of Medicaid.

- (a) Designate, train, and provide general population shelter support staff from regional offices of DOM operations.
- (b) Coordinate with ESF #6 to assign personnel to assist the American Red Cross with shelter operations.
- (c) Provide personnel to assist with reunification in large-scale disasters.
- (d) Provide information on waivers for Medicaid recipients affected by disasters.

(2) Mississippi Department of Education/Office of Child Nutrition.

- (a) Provide staffing within the SEOC and work in conjunction with ESF #6 to monitor feeding operations to determine potential shortfalls of commodities, facilities, and food preparation personnel;
- (b) Assist in developing an SOP to ensure all necessary procedures for the procurement of food items, adequate staffing plan, and any additional specific reporting needs are addressed;

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(c) Assist in identifying schools with available USDA-donated foods in their school kitchens and school district warehouses;

(d) Identify available supplies of USDA-donated foods in state-contracted warehouses that can be shipped to mass-feeding sites;

(e) Request additional USDA Foods from other state inventories through the Food and Nutrition Service (FNS) Regional Office and FNS Headquarters if the school's three-day supply runs low or out. FNS may acquire food from other state inventories, redirect shipments en route, or purchase additional foods to meet long-term disaster needs;

(f) As feasible, assist other ESF #6 support agencies and local officials with food needs and delivery.

(g) Assist with providing daily information on the amount of food used and determining the types of food needed.

c. Supporting Agencies. All ESF #6 Supporting agencies are expected to:

(1) Maintain access to all SEOC personnel, systems, and documentation, including but not limited to the Human Services Branch Director, WebEOC, HSIN SITRooms, Crisis Track, the CEMP, Annexes and Appendices, the MEMA Response Framework, and all SEOC policies and procedures;

(2) Ensure supporting entity's administrative, supervisory, and technical personnel remain aware of the agency's role with MEMA and ESF #6;

(3) Locate, identify, and set up their operational work areas and maintain logistical support for them;

(4) Attend and support briefings and other coordination meetings, whether virtually, at the SEOC, or elsewhere;

(5) Participate in training and exercises when scheduled;

(6) Support the development and maintenance of SOPs to enable them to perform appropriate levels of mitigation, preparedness, response, and recovery related to public works and engineering;

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

(7) Maintain operational logs, maps, displays, status reports, messages, requests, and other appropriate documentation for future reference;

(8) Provide SITREP and IAP input, via WebEOC and appropriate ICS Forms, according to the established operational timeline, event-specific;

The chart on the following pages shows the responsibilities of the individual ESF #6 support agencies. The list contains, but is not limited to, the core functions required:

Agency	Functions
<p>American Red Cross (ARC)</p>	<p>The American Red Cross is a principal support agency for ESF #6 mass care activities.</p> <p>When the SEOC is activated, the American Red Cross will:</p> <ul style="list-style-type: none"> • Provide a liaison to ESF # 6 assignment locations at the SEOC. • The American Red Cross will request USDA food supplies through the State Dept of Education via mission. • Manage requests through WebEOC, in coordination with ESF #6, to support feeding and sheltering needs. <p>American Red Cross:</p> <ul style="list-style-type: none"> • Immediately implement available services including, but are not limited to: • Provide food and shelter, • Provide distribution of emergency supplies, • May provide client casework, recovery planning, and assistance, • Provide disaster health, disaster mental health, and disaster spiritual care, <p>Services:</p> <ul style="list-style-type: none"> • Support Reunification services, • Assess the Mass Care needs of the catastrophic incident in conjunction and coordination with State and Local Mass Care partners, • Develop and implement a sustainable short- and long-term strategy for effectively addressing those mass care disaster-caused needs in conjunction and coordination with ESF #6 <p>When notified by the SEOC that an incident is imminent or occurring:</p> <ul style="list-style-type: none"> • Inventory available shelter space within a 500-mile radius of the

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Agency	Functions
ARC cont.	<p>catastrophic incident site in conjunction and coordination with ESF #6,</p> <ul style="list-style-type: none"> • Activate ARC disaster response activities
Mississippi Department of Agriculture and Commerce (MDAC)	<ul style="list-style-type: none"> • Determine any shelter food needs and delivery methods with other ESF #6 support agencies and local officials. • Coordinate the acquisition of food donations to supplement food needs. • Monitor the mass feeding sites, soup kitchens, and pantries providing food to disaster victims and coordinate resource needs with other ESF #6 support agencies. • Provide personnel to staff mass feeding and/or shelter sites. • Provide facilities for mega shelters at the Mississippi State Fairgrounds during catastrophic events.
Mississippi State Department of Health (MSDH)	<ul style="list-style-type: none"> • Coordinate on-site emergency medical services, health care services, and supplies needed for people in medical needs shelters. • Develop procedures for inspecting conditions at emergency shelters to ensure sanitary conditions with respect to food, waste disposal, potable water supplies, etc. • MSDH will assist in the coordination of unmet medical needs for the infirm and persons requiring specialized medical care in general population shelters. • Will request volunteer nursing and/or medical personnel support for general population shelters through the Mississippi Responder Management System (MRMS). MDHS and the American Red Cross will work closely with MSDH to complete the request. • Provide personnel to assist with a patient tracking system in the State Medical Needs Shelters for reunification during large-scale disasters.
The Salvation Army (SA)	<ul style="list-style-type: none"> • Participate in any appropriate Mass Feeding coordination meetings conducted by Mississippi Volunteers Organizations Active in Disaster (MSVOAD), the Mississippi Mass Feeding Task Force, or the ESF #6 Coordinator. • Assign one or more Liaisons to the SEOC during activations. • Coordinate Salvation Army activities with government and nongovernment partners through the State EOC, county EOCs,

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Agency	Functions
SA cont.	<p>National VOAD, MSVOAD, local VOADs, and other similar forums as appropriate.</p> <ul style="list-style-type: none"> • Determine mass feeding needs in coordination with other ESF #6 agencies and local officials. • Determine appropriate fixed feeding sites in coordination with other ESF #6 agencies and local officials. • Determine appropriate routes for mobile feeding in coordination with other ESF #6 agencies and local officials. • Provide and assign personnel and equipment resources to Salvation Army feeding operations. • Provide emotional & spiritual care for first responders and survivors. • Assist in gathering and providing information to ESF #5 for establishing priorities and to ESF #15 for press releases.
Mississippi Institutions of Higher Learning IHL cont.	<ul style="list-style-type: none"> • Coordinate staffing to assist in the distribution of food commodities to feeding sites and shelters. • Establish emergency shelters at institutions of higher learning contingent on availability. • Provide multilingual support.
Mississippi Department of Education (MDE)/ Safe and Orderly Schools	<ul style="list-style-type: none"> • Assist in the development of an SOP and checklist in conjunction with primary and supporting agencies. • Coordinate with school districts to utilize public school facilities as emergency shelters for people affected by a disaster or emergency as feasible. • Coordinate with school districts to provide personnel to assist with emergency feeding and sheltering operations at schools as feasible. • Coordinate with school districts to provide School Resource Officers for security detail at schools used as emergency shelter sites, as feasible. • Provide personnel to assist with reunification during large-scale disasters.
Mississippi Community College Board (MCCB)	<ul style="list-style-type: none"> • Coordinate staffing to assist in adequately forecasting and distribution of food commodities to congregate feeding sites and shelters. • Provide facilities to shelter survivors and medical needs population.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Agency	Functions
Mississippi Military Department (MMD)/Mississippi National Guard (MSNG)	<ul style="list-style-type: none"> • Provide transportation of additional equipment, supplies, and augmentation personnel as needed to support evacuation to shelter sites. • Assist in the construction and/or rehabilitation of shelters. • Provide personnel and equipment to transport water and other life-sustaining resources. • Provide military facilities as shelters contingent on availability and use to support military operations.
Mississippi Department of Mental Health (DMH)	<ul style="list-style-type: none"> • Coordinate program requirements for the Crisis Counseling Grant. • Provide personnel and resources as needed or requested for ESF #6 operations to include crisis counseling to the bereaved.
Mississippi State University (MSU) Extension Service (ES)	<ul style="list-style-type: none"> • Provide safe spaces with age-appropriate education-based activities for children in general population shelters affected by disasters. • Monitor the mass feeding sites, food pantries, and donation centers to support food donations/hygiene kit donations for disaster victims and coordinate resource needs with other ESF #6 support agencies. • Coordinate to provide ServSafe training, guidance, and education on food safety • Coordinate with Extension County Coordinators who are providing guidance at the county level for Volunteer/Donations Management to ensure a whole community response.
Mississippi Commission on Volunteer Service (MCVS)	<ul style="list-style-type: none"> • Coordinate placement of unaffiliated volunteers for disaster response and recovery for mass care needs. • Coordinate donations management for response/recovery operations in accordance with the Volunteer and Donations Management Support Annex.
Mississippi Voluntary Organizations Active in Disaster (MSVOAD)	<ul style="list-style-type: none"> • Provide support staff for shelters and mass feeding sites. • Assist with the evacuation and sheltering of displaced animals. • Supply and provide mobile and church feeding and serving facilities • Provide emergency feeding services in facilities. • Provide for fixed food preparation. • Provide shelf-stable food boxes when warranted by the disaster.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Agency	Functions
MSVOAD cont.	<ul style="list-style-type: none"> • Ensure staffing is available to adequately forecast and distribute food commodities to congregate feeding sites and shelters. • Provide disaster victims with clothing or references for clothing. • Provide personnel to assist with reunification during large-scale disasters.
Mississippi Board of Animal Health (MBAH)	<ul style="list-style-type: none"> • Support ESF #6 to coordinate integrated state response to meet the mass care and emergency assistance needs of animals, including household pets, service animals, and their owners; • Facilitate whole community multi-agency coordination with non-governmental agencies for animal response activities. • Provide technical assistance and subject matter expertise regarding animal response issues.
Mississippi Department of Rehabilitation Services (MDRS)	<ul style="list-style-type: none"> • Assist in conducting general population shelter assessments for accessibility for people with disabilities, limited to 12 assessments per calendar year, as coordinated with ESF #6. • Assist in providing or coordinating American Sign Language (ASL) interpreter services for general population shelters. • Provide wheelchair-accessible vans for evacuating people with disabilities affected by mandatory evacuations or post-disaster evacuations during catastrophic events. • Provide clients affected by disasters with emergency information (Evacuation information, general population shelters, medical shelters, Disaster Recovery Centers (DRC), etc.).
Mississippi Department of Employment Security (MDES)	<ul style="list-style-type: none"> • Provides individuals who have lost their jobs due to a disaster with unemployment benefits.

8. AUTHORITIES AND REFERENCES. The procedures in this ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex are built on the core coordinating structures of the CEMP and references listed below. The specific responsibilities of each department and agency are described in the respective ESF, Support, and Incident Annexes, internal agency plans, policies, and procedures. See the CEMP Base Plan, SEOC Human Services Branch, or ESF #6 for a comprehensive list of Authorities and References.

ESF #6 Mass Care, Emergency Assistance, Temporary Housing, and Human Services Annex to MS CEMP

Most Mississippi emergency management stakeholders have access to the MEMA Downloads site. However, non-registered stakeholders may gain access to the repository by submitting an e-mail request to preparedness@mema.ms.gov.

9. REVIEW AND MAINTENANCE. This Annex will be continuously reviewed and exercised to evaluate the state's and political subdivisions' ability to execute response and recovery operations and support tribal, local, and municipal emergency management agencies. Directors of primary state agencies are responsible for maintaining internal policies, plans, SOPs, checklists, and resource data to ensure a prompt and effective response to a disaster in support of this Annex. For training purposes and exercises, the MEMA Executive Director may activate this Annex as deemed necessary to ensure high operational readiness.

MEMA will revise this Annex on a biennial basis. The revision will include testing, reviewing, and updating the document and its procedures. This Annex will be updated every two years, or as necessary, to incorporate new presidential or state directives, legislative changes, and procedural changes based on lessons learned from exercises and actual incidents. This Annex will be rewritten every four (4) years.

MEMA coordinates updates, modifications, and changes to the Annex. Heads of state agencies with ESF coordinator responsibility will periodically provide information regarding changes with available resources, personnel, and operating procedures. Recommended changes will be submitted to MEMA for approval and distribution. Submit recommendations via e-mail to preparedness@mema.ms.gov.

This Annex applies to all state agencies, state boards, state commissions, and state departments assigned emergency responsibilities and to all elements of local government in accordance with current law and Executive Orders (EOs).
